

3 February 2021
Junior School Newsletter # 1 Information

Welcome back to 2021. We are looking forward to a productive year and we have some exciting programmes planned.

Our contact details are:

Susan Kliffen	Associate Principal and Team Leader	Dolphin Room	susan.kliffen@seatoun.school.nz
Helen Taylor	Year 1	Room 7	helen.taylor@seatoun.school.nz
Cath Hardy	Year 1	Room 9	catherine.hardy@seatoun.school.nz
Rebecca Quinn	Year 2	Room 8	rebecca.quinn@seatoun.school.nz
Ben Haddock	Year 2	Room 5	ben.haddock@seatoun.school.nz
Louise Noble	Year 0/1	Room 6	louise.noble@seatoun.school.nz
Jemma Rapson	Literacy Support and SENCO		jemma.rapson@seatoun.school.nz

This year all teachers have returned to the Year 1 and 2 team. Louise Noble will be teaching the Year 0/1 class which will start later in term 1. We welcome Kiri Koning who is a trainee teacher from Victoria University. Kiri will be working in the junior school this year on a regular basis. In addition to the teachers listed above, Penny Swain and Karen Miller will be Learning Assistants supporting across the junior team.

Teachers value the partnership between home and school and are happy to meet with parents to discuss progress or concerns. It is important to arrange a suitable time with your child's teachers and let them know the topic to be covered, so they can come prepared with the necessary information.

Athletics

The Year 1 and 2 Athletics morning is on Tuesday 16 March. The postponement date is Thursday 18 March. Parents are invited to come along in the morning to observe the children involved in a variety of activities that they have been introduced to, such as long jump, high jump, running and vortex. We will start at 9:15am and will finish the athletics before 11am, and parents are welcome to stay and have morning tea with their child. We will be practising the skills every Thursday so please ensure your child wears appropriate clothing ie. shorts, (or other comfortable clothes for athletics), sneakers and sunhats.

Integrated Studies for Term One

We will be commencing the year with a social studies/health unit He pai te ahua - Feeling Good. This will incorporate a variety of programmes such as: Keeping Ourselves Safe, Zones of Regulation, KiVa, Moving March. Keeping Ourselves Safe consists of a range of child protection resources to help children and young people learn and apply a range of safety skills that they can use when interacting with others. This unit of work covers the following topics: I am unique, My Body is My Own, Unwanted Behaviour and Touch, Adults who can Help. This is a programme developed in conjunction with the New Zealand Police, and is at an appropriate level for young children. More information can be found on the NZ police website. Harold and The Life Education Van will be visiting the school and supporting our learning in this area.

There may be some activities that the children bring home for you to discuss with them. It is important that you talk with your child about what they have been learning, as this will reinforce the messages that we are giving at school and help your child to use his or her new skills with confidence. Alongside the Keeping Ourselves Safe unit, we run a school-wide prevention and intervention programme called KiVa, which aims to reduce bullying at school. Children, parents or teachers are able to make referrals to the KiVa team. There is more information about the KiVa programme on our Seatoun School website.

We will revisit two programmes with the students. One programme is the "Zones of Regulation". This is a programme which supports children to understand their emotions and make adjustments to help them be the best they can be. Supporting this is the "Pause, Breath, Smile" programme. This was introduced last year as a whole school focus to support student wellbeing. Movin March Māehe Manawa Ora celebrates the benefits of walking, scootering and biking to school.

Music

Our music focus this term is exploring the music of "Carnival of the Animals". The children will listen and respond to the elements of music: beat, pitch, tempo, dynamics etc. They will also explore and identify instruments in a piece of music. We would love any parents who play an instrument to contact us as it would be wonderful to have you share and play the instrument for the class.

3 Way Conferences (Learner - Teacher - Parent) - Friday 26 March

Last year we had planned to introduce 3 way conferences in term 1. Unfortunately these were cancelled due to Lockdown. We are looking forward to establishing the 3 way parent, teacher, learner conferences this year. These will be 15 minute conferences where we will confirm the first set of learner goals for the year, check in on the start and ensure we are all heading in the right direction for the year.

The school operates differently this day, and your child is to only come to school for their interview time. We will be sending home a brief agenda the week before these conferences, which you will return with your feedback. Booking times will be available in the next couple of weeks.

Sunsmart

Please remember that all children need a named sunhat in their house colour every day this term. Please apply sunblock before school, and it is recommended that you send a roll-on sunblock to school with your child. It is also important for children to wear clothes that reduce the amount of skin exposed to the sun.

Responsibility

Seatoun School has a strong focus on encouraging children to be responsible for their learning. This starts with children being responsible for their belongings and organising themselves. Please encourage your child to manage the following items independently:

- Schoolbags
 - Pack their bag themselves and carry it to and from school.
- Bookbags
 - bring their bookbag to school daily, pack their reading book and any maths activity or reading activity in it and take it out of their schoolbag themselves and put it in the correct place in the classroom.
- Sunhats and clothing
 - Ensure their sunhat is hanging on their hook when they are not using it.

School Food

Please give careful consideration to what you send along with your child in their lunchboxes. School policy is **no juice** please, only water and no lollies. A good rule of thumb is to send food that children can manage independently. We request that children don't bring **yoghurt pottles** to school. We have seen many instances of students unable to manage opening or eating yoghurt. Often the yoghurt is spilt over tables, the carpet or students themselves. We do have some children who are highly allergic to **nuts** so we also request that children do not bring peanuts or cashew nuts to school and would prefer no peanut butter. However, we also support this by having a 'nut free' zone at school where children can eat their lunch. The children will have a **'fruit break'** at 10am most days where they can eat a piece of fruit from their lunchbox.

We are endeavouring to reduce our waste and litter throughout the school and would appreciate it if families could provide litterless lunches ie. a minimum amount of paper and plastic wrapping on packages, or providing lunch in small airtight containers. At times, the school Enviroteam does a spot check of students' lunches in the mornings to encourage no litter. Students who have litterless lunches are rewarded with a house point. It is important to name containers as we have many unclaimed lunch containers at the end of each day.

Stationery/Goal Folders

Goal Folders/x-files and Reading Diaries are available from the office for children who are new to the school this year. If your child had a goal folder last year, they will not need to purchase one but please could they ensure it has been returned to school.

Lost Property

Please name all school clothes and hats, with first and last name, so if they are mislaid they can be returned to the children.

Parent helpers

Parents are welcome to come and support our literacy, numeracy and parent reading programmes. Talk to your child's teacher to arrange a suitable time. The first few weeks are crucial to settle children into school routines so help will only be required in the first couple of weeks, if requested.

We are all feeling refreshed after the summer break and looking forward to working with you to provide the best possible learning for your children. If you have any queries please get in touch.

Ngā mihi nui,

Susan Kliffen, Ben Haddock, Helen Taylor, Cath Hardy, Rebecca Quinn, Louise Noble and Jemma Rapson
